WEIGH UP THE BENEFITS TO YOUR BUSINESS

Our scales are designed to streamline your business processes with an effective and highly accurate method of weighing, tracking and data recording.

- \$ Avoid over-loading fines & trips to the weighbridge
- \$ Improve billing accuracy & cost maintenance
- + Improve safety & productivity levels
- ↘ Optimise the cost of shipping estimates
- ⚙ Prevent machinery and racking overload
- 👁 Identify areas of theft, loss or damage

COMPATIBLE WITH ALL FORKLIFTS

Our scales can be directly fitted to all Forklifts (Counterbalance, Electric & Reach Trucks, Pallet Jacks & Walkie Stackers) Our scales are installed with a direct wiring connection to the forklift's electrical system. For manual pallet jacks, a rechargeable power option is available. We also have digital scales for operation at -40°C for cold store and freezer application. Our scales offer an affordable solution to your business needs and are "Not legal for trade".

AUSTRALIAN DESIGN AND ENGINEERED

Australian design and engineered Ace Forklift Scales have supplied over 9000 units Worldwide. The Slimline, Ultimate, Ultimate Combo and Mini.

ALL OF OUR DIGITAL SCALES COMPRISE OF:

- ✓ 12-90V DC Converter option available
- ✓ Zero, Add, Log & Overload Function
- ✓ Easy installation up to 3 Hours
- ✓ 304 Grade Stainless Steel
- ✓ 10,000 PSI Transducer
- ✓ Backlit LCD

FORKLIFT SCALES - OUR RANGE

ULTIMATE

- The ultimate scale for forklifts from 1 Tonne to 100 Tonne
 - electric, gas, petrol or diesel
- Versatile mounting positions
- Time delay start

MINI

- Compact size (84 x 56 x 83 mm)
- Ideal for Forklifts with lack of room for installation
- Entry level Forklift scale

ULTIMATE COMBO

- Integrated Thermal Printer for instant detailed record keeping with timestamps
- Weatherproof cover included as standard
- Easy paper feed mechanism for quick replacement

SLIMLINE II

- 304 Grade Stainless Steel - Australian designed and engineered for our environment
- Larger display.

ACE FORKLIFT SCALES ULTIMATE

- Robust 304 Grade Stainless Steel - Australian designed and engineered for our environment
- Provides Weight and Overload Warnings with internal buzzer alarm and visual display
- Zero, Add & Data Log function
- Can be installed onto any forklift - 1-100 tonne Capacity
- Easy installation - up to 3 Hours
- 12 Month Manufacturers Warranty on all hardware

ULTIMATE SPECIFICATIONS

Capacity	1-100 t
Divisions	1, 2, 5, 10, 50.
Decimal point	0, 0.0, 0.00, 0.000.

INTEGRATED SAFETY & MONITORING SYSTEMS

Enhance Staff Safety and Reduce Risk

Detection Solutions available for Forklifts, Trucks & Mobile Equipment

AI Pedestrian Detection

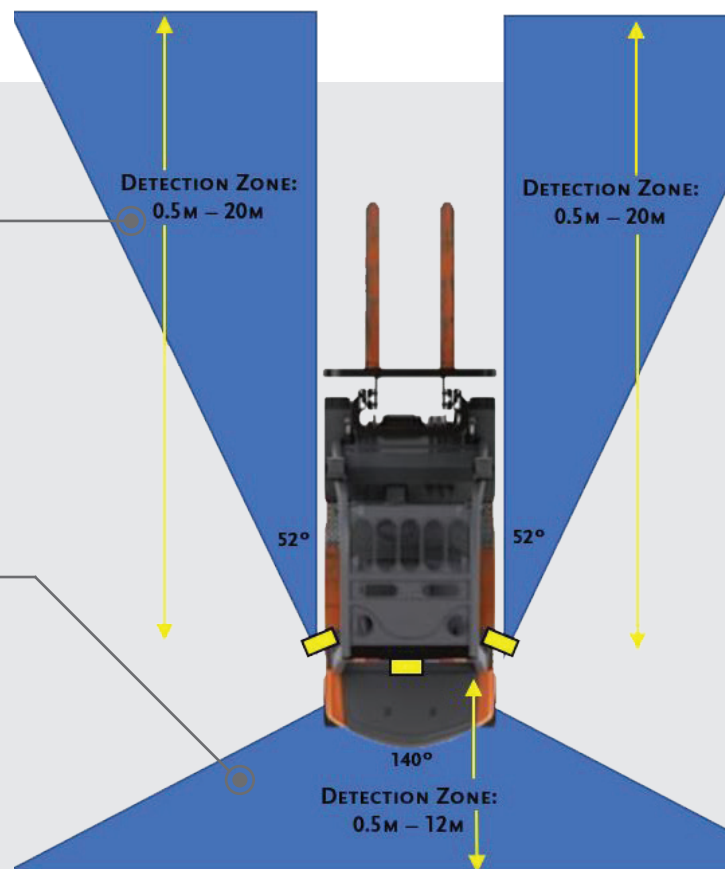

- Pedestrian detection system recognises walking, running, lying, riding pedestrians in camera's field of view
- Artificial Intelligence is always watching and learning to improve on detection zones
- Cameras can be connected individually or up to 4 cameras into a high definition weatherproof 7" monitor
- Audible and visual warning of pedestrians within the detection zone
- 1080P Cameras offer crystal clear vision around the vehicle
- Built robust and weatherproof for any environment

Vertical mounted camera (52°)

- Detection zone can be set from 0.5m to 20m (from camera)
- 3 incremental detection zones can be programmed

Horizontal Mounted Camera (140°)

- Detection zone can be set from 0.5m to 12m (from camera)
- 3 incremental detection zones or single "exclusion zone"

Single Exclusion Zone Detection

- Visual alert via monitor
- Audible alert via monitor speaker or external buzzer
- Single tone audible alert via monitor or external buzzer

3 Zone Incremental Detection

- Visual alert via monitor
- Audible alert via monitor speaker or external buzzer
- Audible frequency increases as the distance between pedestrian and vehicle decreases

Technical Information

Voltage Range	DC 10V-32V
Consumption @ 12V	150mA (IR Off), 700mA (IR On)
Monitor Resolution	1024x3(RGB)x600
Monitor Brightness	600cd/m2
Camera video output	AHD 1080P
Audio type	Visual and audible
Camera inputs	4 x 1080P AHD
Working Temperature	-20°C - +70°C
Waterproof rating	IP69K
